We had some DUFFY MALT WHISKEY in the house, which I commenced to use right off, as a last resort, and I grew better, and finally became, well, taking all according to directions. I have used it for fifty years, and have had it in my family for general use for that length of time. I eat heartily and sleep well. I was born in Vermont, east of the Green Mountains, in 1805, and I would now be under the sod if it were not for DUFFY'S MALT WHISKEY."—Mrs. Anna B. Depew, Wharton, Ohio, Aug. 17, 1906. # Omega Oil

Rheumatism 6

## The Proper Treatment

We advise sufferers from Rheumatism to eat no sweet or fatty foods. Leave spices and coffee alone. Eat sparingly of meat but once a day - never pork. Fresh vegetables are always in order. Drink plenty of pure water and milk. Keep the bowels regularly open. Keep the feet warm and dry, and avoid wet clothing.

At bedtime bathe the affected parts freely with Omega Oil. Then dip a towel in hot water, wring it

out, wrap it over the Oil and thus "steam it in." The hot towel opens the pores and drives the Oil in better. When the towel cools, remove it, dry the parts and put on more Omega Oil. Then cover the parts with a cloth to hold the Oil in its place throughout the night. In the morning wash the parts in warm water, wipe thoroughly dry, and briskly rub in some more of the Oil. A thorough, persistent treatment of this kind will come pretty near curing any case of Rheumatism that is curable.
